

Anytime For You

Big Maceo

I trusted in you right from the start
You messed around until you broke my heart
Anytime for you and all the time for me
Someday you're gonna be sorry, the way you treated me
You leave me in the mornin', come home late at night
Well, have a nerve to tell 'em that you treated me right
Anytime for you and all the time for me
Babe, you're gonna be sorry, the way you treated me
You is a liar and a cheater too
The things you do to me is coming home to you
Anytime for you and all the time for me
You gonna be sorry, the way you treated me
Pick 'em, boy, pick 'em, pack up your clothes and get out of my
flat
And let my doorknob hit you in your back
Anytime for you and all the time for me
You gonna be sorry, the way you treated me
