

## Why Should I Hang Around

Big Maceo

I just don't know, what's this all about?  
What is it all about, boys?  
I just don't know, what's this all, all about?  
The woman I love, is tryin' to put me out

She said she didn't want me  
Why should I hang around?  
Hey, why should I hang around?  
And that if I hang around, I would be jail house bound

I love that woman, more than she will ever know  
Yes, I love her  
Hey baby, more than you will ever know  
But if you drive me away, I won't be back no more

I stole that woman, stole her from my best friend  
Yeah, hee, from my best friend  
But that old fool's so darn lucky  
He's 'bout to get her back again
