

Whatcha Gonna Do

Big Punisher

Yo, yo, yo, yo...

Yo, yo, yo, yo...

Yo, yo...

It's hard to explain how my squad can harbor the strain
Of being the largest name in rap, since the almighty Kane
Acknowledge the fame, my call was to reign the streets from Harlem t
o

Queens

Back to the Bronx who fathered the dream
Started this thing called rap, where I reign supreme, my team
Regardless of that, I've seen things as far as the crack
That'll make the hardest largest artist heart just collapse
I'm part of all that that's why it's so hard to go back
And start from scratch

I'm locked and I'm trapped in a giant cage

Tryin to savior these few dyin days

I have left, to the form of flesh..

Should I lie in my grave?

I'm tryin to persuade, my matto is try to be brave

And not give death the satisfaction of seein me dyin afraid

That why I rise from the grave singing church songs like

I was Je-sus Christ ba-rum-pum-pum-pum

Whatcha gon' do when Pun comes?

Knockin' at ya front door

And he wants waaaaaaaaaaaar..yeah

He ain't a rapper he'll kill you

Till my last breath I'll have death before dishonor

(come on) and welcome drama(yeah)

Wit open arms and a code of honor

My hole persona equals that of gods

Definin' matters hard all before you even had a job

I'll stab and rob if I have to

Fuck it i'll blast you, tell the devil it wuz Pun if he ask you

And let him know how we be deadin' um'

Show 'em my emblem, the tombstone, the throne, every millennium

A child is born that can preform at a level beyond the

Expected 4 minute 30 second song

We reign supreme, my team be all up in ya dream

Wit the "kill anything" grill, chillin' beside the guillotine

Executioner style, black suit and a smile

Who's next to get their neck hacked loose in the crowd, move from the
aisle

Don't make me have to prove that I'm wild

Word to Cuban, my crew killers, y'all niggaz shoot in the clouds

(Who's in the house)

Punisher straight from hell. Who's in the house

(Terror Squad motherfucker we the real)

What the deal, now you know that's how we roll

Hard core like BO bring in the corns baby bow
