

## Get Your Game On (Unleash The Beast Version)

Big & Rich

Looks like a Johnny Cash  
Kicked out the foot lights crowd  
We love our country, you know that we love it loud  
Gonna set 'em up gonna throw Looks like a Johnny Cash  
Kicked out the foot lights crowd  
We love our country, you 'em down  
It's time to party in a party town

Turn it up, turn it on, turn it loose  
Oh oh  
Give it everything, win or lose  
Oh oh  
Time to own it and rock it  
Let everybody know you got it  
Ya getcha game on

Shake it off, let it rip, gonna let it fly  
A little pain ain't no thang, ain't no fear in these eyes  
Just getting started, ain't no backin' down  
I think it's time to blow the pyro now

Turn it up, turn it on, turn it loose  
Oh oh  
Give it everything, win or lose  
Oh oh  
Time to own it and rock it  
Let everybody know you got it  
Ya getcha game on

Get your game on

Sweat drippin' off the tip of my nose  
Mud stains all over my clothes!  
Ice water pumpin' through my veins  
Hide and watch, we're changin' the game!  
Like Pele on a breakaway  
One-on-one, tête-à-tête!  
Unleash the beast  
The flame is on...get your game on!
