

## Six Foot Town

Big & Rich

My brakes are on fire  
From trying to slow down  
I'm always burning my tires  
And my horn is too loud  
I catch people looking funny at me  
When I step to the window and I toss a TV  
Sometimes I get crazy and it makes a big scene  
But when I hit 21 I want to stand up and scream  
I'm filthy rich with laughter, I'm too big for the room  
You know from two stories up  
A Zenith makes a big boom

It's hard to get around in a six foot town  
When your ten feet tall everything is so small  
I'm always bumping my head  
I'm way too long for the bed  
It's hard to get around  
In a six foot town.

Some people live inside a tiny little box  
They're preoccupied about mismatching their socks  
I never been one to worry about much  
I just want to laugh and love  
I just want to live it up

It's hard to get around in a six foot town  
When your ten feet tall everything is so small  
I'm always bumping my head  
I'm way too long for the bed  
It's hard to get around  
In a six foot town.

Sometimes I stumble just because of my size  
But hey y'all that's alright  
That's the way God made me  
I am what I am  
And I can't do nothing about that

It's hard to get around in a six foot town  
When your ten feet tall everything is so small  
I'm always bumping my head  
I'm way too long for the bed  
It's hard to get around

It's hard to get around in a six foot town  
When your ten feet tall everything is so small  
I'm always bumping my head  
I'm way too long for the bed  
It's hard to get around  
In a six foot town
