

## Get It (DT)

Big Sean

Yo! It's money time!  
Yezzir...

I'm tryna stuff em until I can't fit no more  
I'm talking Donald Trump level  
I'm trying to get these dreams off the ground  
All aboard for the shuttle  
All the hoes, screaming "ho! "  
That nigga go, go for the goal

Okay, B-I, B-I, bitch I do it to death  
If I come in with half, bet I leave with the rest  
OK, you might be cool getting 50%  
I'm like "fuck you doing? I need Diddy percent! "  
Got a million on line 1 and  
Another mil' dialing in, momma on line 4  
Telling me how much not to spend  
'Ye on line 3 telling me how we about to win  
You on hold tryna get conferenced in  
I just I just gotta have it, imagined and  
Made it happen, I prayed about it and grabbed it  
My life is a fucking movie, the baddest bitches  
Get casted, I'm in a race with myself to see  
Who could get it the fastest  
HUH  
Sipping on shit older than me  
The warmer the weather, the colder the drink  
The colder the weather, the warmer the mink  
I'm living life like a found a fucking check  
With no ink - I get it

I'm tryna stuff em until I can't fit no more  
I'm talking Donald Trump level  
I'm trying to get these dreams off the ground  
All aboard for the shuttle  
All the hoes! be Screaming "ho! "  
That nigga go, go from the goal  
Get it, get it, nigga we gonna get it  
Get it, get it, nigga you gonna get it

Whoa! The sky never seemed so low  
Looking at a life you've never seen so close  
I had a dream about a trillion in cash  
It's time to make it happen!  
I'm back to dreaming what you can't imagine  
Talking cash, that you got to fake a accent  
I've broke enough tree down that I could make a cabin  
Look: I turn all my problems to ash  
All my wants into haves and then divided by half  
Pass it on to my man, write my will out then  
Pass it on to my fam and finally become a man  
I had a dream I was greatest of all time  
Greatest of all Big's, and greatest of all Sean's  
Sipping on shit older than me  
The warmer the weather, the colder the drink  
The colder the weather, the warmer the mink  
I'm living life like a found a fucking check

With no ink - I get it

I'm tryna stuff em until I can't fit no more  
I'm talking Donald Trump level  
I'm trying to get these dreams off the ground  
All aboard for the shuttle  
All the hoes! be Screaming "ho! "  
That nigga go, go from the goal  
Get it, get it, nigga we gonna get it  
Get it, get it, nigga you gonna get it
