

All Over Now

Big Sugar

Can you see, can you see, can you see?
Oh, can't you see, you're not foolin' me?
Well, it's all right, baby, it's all over now

Thought I knew, thought I knew, thought I knew
What did I know, guess I didn't know you
But it's all right, baby, it's all over now

Did we love, did we love, did we love?
Who did you love when I was loving you?
But it's all right, baby, it's all over now

How I cried, how I cried, and I cried
All the time, the time spilled over you
Well, it's all right, baby, it's all over now

Can you see, can you see, can you see?
Oh, can't you see, you're not foolin' me
Well, it's all right, baby, it's all over now

Well, it's all right, baby
Look who's crying now, look who's crying now
Do it now, do it now, well, it's all over now
