

Butterball

Big Sugar

Come on in here
Baby, baby, foxy lady
I can see in your eyes
You mean to drive me crazy
Baby, baby, foxy lady
Some men just can't eat chicken
Without the gravy

Baby, baby, beauty queen
I can see by your size
You're much too lean
Baby, baby, beauty queen
I'm a man who needs more woman
Than you've ever been

'Cause, my baby, she's got, she's got
A butterball
She's got, she's got
Well, my baby, she's got, she's got
A butterball
She's got, she's got it

Yeah, my baby, she's got, she's got
A butterball
She's got, she's got it
Well, my baby, she's got, she's got
A butterball
She's got, she's got, you got it

Doctor, doctor, he's the Saviour
He can change you around to the latest flavor
But doctor, doctor, do her a favor
She could work a show
Baby, go with what her mama gave her

My baby, she's got, she's got
A butterball
She's got, she's got it
Well, my baby, she's got, she's got
A butterball
She's got, she's got
