

# Goodbye Train

Big Sugar

Well, I walked, walked my baby  
Well, I walked her down to the train  
And I said, oh baby, please walk slow  
Well, I hate to see you go

I walked my baby, down to the train  
I know I'll never see my girl again

Well, I tried to make her understand  
You know, I tried to make her understand  
I talked to my baby, tried to get her to understand  
She left me at the station wavin' my hand

Calling goodbye train  
Goodbye train  
Goodbye train  
Goodbye train

Well if I had, if I had you close to me  
You'd know, I wouldn't have to go on in this misery

Well, now I'm cryin'  
Callin' out her name  
Well, now I'm cryin'  
Callin' out her name

I stood there at the station  
You know, I was callin' out her name  
So, go ahead and leave me just the same

Callin' goodbye train  
Goodbye train  
Goodbye train  
Goodbye train
