

One More Song

Big Tent Revival

I don't wanna go tonight, leavin' just don't seem right
And Lord my time is through with so much left to do
Listen to me Father as I close my eyes and bow
Hold me in Your arms tonight, I lay my burden down

Lord give me one more song, tell Your hurting people to hold on
Send Your Holy Spirit, so that when they hear it
They'll raise their hands in praise and sing along
Singing one more song

Hearts are cryin' out, Lord listen to them
They're all longin' for sweet communion
Listen to them Father as they close their eyes and bow
And hold us in Your arms tonight, we lay our burdens down

Lord give me one more song, tell Your hurting people to hold on
Send Your Holy Spirit, so that when they hear it
They'll raise their hands in praise and sing along
Singing one more song

Hallelujah, Christ is risen
Hell has been defeated and we have been forgiven
Hallelujah, God eternal
We will sing Your praise forever more
Singin' one more song

And Lord give me one more song
And tell Your hurting people to hold on
Oh Lord send Your Holy Spirit, so that when they hear it
They'll raise their hands in praise and sing along, sing along
Singing one more song, [Incomprehensible]
Singing one more song
