

Way It Ought To Be

Big Tent Revival

If, if I
Said I said I loved you
Then it wouldn't be a lie
So you say
I didn't tell you often
Now we disagree

Here we are fighting
When we should be reuniting
I say hey that's the way it ought to be
Hey that's the way it ought to be

No big deal
I told you I was sorry
And that is how I feel
Have your way
You'll come running back
I see it happen every day

Cuz maybe we've both been a bit too proud
I'd say we've both been way too proud

Check this out
Baby I've been thinking
And I know without a doubt
You and me
We gotta go to Jesus
He's the only remedy
