

## Way It Ought To Be

Big Tent Revival

If, if I  
Said I said I loved you  
Then it wouldn't be a lie  
So you say  
I didn't tell you often  
Now we disagree

Here we are fighting  
When we should be reuniting  
I say hey that's the way it ought to be  
Hey that's the way it ought to be

No big deal  
I told you I was sorry  
And that is how I feel  
Have your way  
You'll come running back  
I see it happen every day

Cuz maybe we've both been a bit too proud  
I'd say we've both been way too proud

Check this out  
Baby I've been thinking  
And I know without a doubt  
You and me  
We gotta go to Jesus  
He's the only remedy
