

Hey Mama

Big Wreck

Hey mama, hear me hollerin'
Hey mama, watch me pray
I buried you out in the backyard
Hung out high in a tree
Yeah that was me

Hey mama, watch me stumble
Hey mama, hear me cry
Empty house on the hillside
Empty boat on the sea
Yeah that was me
That was me

Ooh I remember your face and you're pretty as hell
You and I
Ooh, the thing that you said
Was a lie to me
Believe it was a tale to tell
She forgot about her forever
I'm stuck in yesterday

Hey mama, hear me holler
Hey mama, watch me pray

It was you
High in the tree
Yeah that was me
That was me
That was me
Yeah, that was me

Ooh I remember your face and you're pretty as hell
You and I
Ooh, the thing that you said
Was a lie to me
Believe it was a tale to tell
She forgot about forever
I'm stuck with yesterday
She forgot about forever
I'm stuck with yesterday

She forgot about forever
And I'm stuck with yesterday
She forgot about forever
I'm stuck with yesterday
She forgot about forever
I'm stuck with yesterday
She forgot about forever
And I'm stuck with today
