

# Ladylike

Big Wreck

So when she lays down  
It'll be  
With me  
She'll lay down with me

And when she walks out  
It'll be  
On me  
She'll walk out on me

When she kneeling  
It'll be  
For me  
She's kneeling for me

And if I need you to be secure  
It's cause I'm not  
You're so ladylike and more

When she focused  
It'll be  
On me  
She's focused on me

And if she walks away  
It'll be  
With me  
She's walking with me

And if I need you to be secure  
It's cause I'm not  
You're so ladylike and more

If she wishes  
It'll be  
On me  
She's wishing on me

And when she's hopeless  
It'll be  
Lord, she's hopeless with me

And if I need you to be secure  
It's cause I'm not  
You're ladylike  
I need you to be secure if I'm not  
You're ladylike and more
