

# My Life

## Big Wreck

Hell, if I didn't play it wrong  
That was the worst of me  
Who are you to judge your bygone  
It never followed me

Oh, the smell, you wear it well  
Is counterfeit  
Dig and dig and dig a hole  
Until you fit

You never want to hang out  
Down in the dark with me

And all the world's your oyster  
With pearls that I've diseased  
I'm trying to find a future  
With all my history

But I still can't change  
What I can't change  
But it's mine, this is my life  
Still tryin' to get mine right

Well, you ever gonna find out  
What you can really be?  
Everything you gotta cut out  
Don't ever follow me

Oh, I've seen you come around now and then  
Once in a while you should stay home instead  
Well, we know you'll never wind up  
Or wind up just like me

Oh, all the bad decisions  
I've made, is hurting me

"Cause I fail to change  
What I can't change  
But it's mine, this is my life  
Still tryin' to get mine right  
It's mine, this is my life  
Still tryin' to get mine right

With all the bad decisions  
I've made, it's killing me

"Cause I still can't change  
What I can't change  
And I'll try and try again

Mine, this is my life  
Still tryin' to get mine right  
It's mine, this is my life  
Still tryin' to get mine right  
It's mine, this is my life  
Still tryin' to get mine right  
It's mine, this is my life

Die tryin' to get mine right
