About love

I don't wanna be without you girl
Got me slowly dying
Where did we go wrong my girl ?
Why can't we keep on trying ?
I don't want to be without you girl
I gave my heart to you
Going out on my mind
Cause I love you I need you girl
Baby baby baby
You know we go back for oh so long
Baby baby baby
Used to having you here in my arms
Baby baby baby
You know all we had was oh so strong
Just say you'll still be mine
Cause I love you
I need you girl

My homie, lover, friend, together yeah we had it all
Could never see an end just roll forever deep in love ?
We'd get our groove on
Do everything so happily, so free
And nothing anyone could ever hate on
Yeah yeah yeah
Baby you're my everything
Gonna do anything for ya
Never knew another girl quite like ya
And I wanna excite ya
Like like giving you what you wanna do girl
If there's anyone straight I'll run'em
Unfadable GD stun'em
What up what up can't put up put up
When you're telling me you're gonna need time alone

I don't wanna be without you girl
Got me slowly dying
Where did we go wrong my girl ?
Why can't we keep on trying ?
I don't want to be without you girl
I gave my heart to you
Going out on my mind
Cause I love you I need you girl
Baby baby baby
You know we go back for oh so long
Baby baby baby
Used to having you here in my arms
Baby baby baby
You know all we had was oh so strong
Just say you'll still be mine

Cause I love you
I need you girl

Tried to call you a thousand times up on the phone
(I called you on the phone)
Never did you answer once you know that's wrong
(You know that's really wrong yeah)
Can we talk this out ?
I wanna know why did you keep me hanging
Oh so damn right
Don't you see me praying ?
Don't leave me alone
About love
Yo we used to be the one lovers on the run no doubt
For sure we got each other's back that's fact yo
Never had a big prob we'd solve and evolve like a couple should
It's all that's all
It seems we had the love thing on lock
With everything we were on top
But little did I know that you would just up and go
I don't wanna be without you girl
Got me slowly dying
Where did we go wrong my girl ?
Why can't we keep on trying ?
I don't want to be without you girl
I gave my heart to you
Going out on my mind
Cause I love you I need you girl
Baby baby baby
You know we go back for oh so long
Baby baby baby
Used to having you here in my arms
Baby baby baby
You know all we had was oh so strong
Just say you'll still be mine
Cause I love you
I need you girl

How could have known
Cause all in my eyes
It was all good
Had everything we ever wanted
Now that you're showing your
True colors baby I know
You know
That we weren't meant to be no, no

I don't wanna be without you girl
Got me slowly dying (Hey ! Hey !)
Where did we go wrong my girl ?
Why can't we keep on trying ?
I don't want to be without you girl (I want to be your man)
I gave my heart to you
Going out on my mind
Cause I love you I need you girl
Baby baby baby
You know we go back for oh so long
Baby baby baby
Used to have you here in my arms
Baby baby baby
You know all we had was oh so strong
Just say you'll still be mine
Cause I love you

I need you girl
