

Tell Me Goodbye

BigBang

Letting you go... (please somebody...)
Letting you go... (please somebody...)
Yo I got this, yeah
Still thinking about this thing called love
You got me shaken up
(Please tell me there's a way)
And it got my head just spinnin' round round round round
(Please tell me there's a way)
Don't wanna take a fall
It's best to break it up
It's gonna be better for you, move on
(Please tell me there's a way)
Our heart, we break it break it
Or thought we make it make it
And now we cover it up

Girl I swear kimi no koto wo ichibyō demo
Kanashi masenai yakusoku
Mamoru tame ni wa mo, mo kore shika
Erabu michi wa nai kara

Baby aishita bun dake kizutsukete shimau
And I've got nothing, nothing to say

Tell me goodbye, tell me goodbye
Dakishimeta te wo
Tell me goodbye, tell me goodbye
Hanasou
Boku wo wasureru koto ni jiyu ni naru nara Baby
Tell me goodbye, tell me goodbye

Girl you know kimi ga egao wo naku shiteku hodo
Boku wa jibun wo semeru yo
Nego sameru kotoba mo hikari sae mo
Nanimokamo miushinau

Baby kono kuchibiru ga hanareta shunkan ni
I'll never find better, better than you

Tell me goodbye, tell me goodbye
Dakishimetate wo
Tell me goodbye, tell me goodbye
Hanasou
Soba ni iru koto dake ga yasashisa janai to Baby
Tell me goodbye, tell me goodbye

Yo and it's so, so
Sad it just ain't happening
Wish it could be better
Sorry to be scrapping
But I just can't let ya
Shouldn't be less than happy
I said look at me
I couldn't live with myself seeing you lacking
The things you deserve
Baby you was a part ?
Must believe that it hurts

That lead this world
I feel the aching through my body
It just takes a bigger part of me
To be let you go
I wish that one soul

Kimi no koe setsunaku fade away... Away-ay-ay-ay
Kaze ni kakikesarete yuku stay... Stay-ay-ay-ay
Kore ijou wa I can't take it, sono namida don't cry for me
Kimi no tame never look back again

Tell me goodbye, tell me goodbye
Dakishimeta te wo
Tell me goodbye, tell me goodbye
Hanasou
Soba ni iru koto dake ga yasashisa janai to Baby
Tell me goodbye, tell me goodbye
Tell me goodbye
