

Little One

Bilal

They say it's gonna take a miracle to bring you back
again

They say there's nothing they can do

But I'm not the only one

who sees the possibility in you

You know you're mama sees it too

No matter what it takes

I'll make sure that you find, you find your way

I'll know how hard you've been tryin'

Little one

I never wanna be a mystery to you

I'm not a god and I ain't no saint

I'm just a man workin' every day to be a better man

One day you'll learn to be one too

No matter what it takes

I won't let you make the same mistakes

But I won't hold nothin' against you

I will always be there to hold your hand

And I can help you walk but can't make you stand

So whenever you feel like you can't go on

Just believe you can, you can

And you will, you always will

Oh, you always will

No matter what it takes

I'll make sure that you find, you find your way

I'll know how hard you've been tryin', yeah

I won't let you make the same mistake

I'll always love you
