

## Lunatic

Bilal

Lunatic, yeah  
Turn me up, so loud  
Get it now, yeah

The next time on the dance floor  
A crazy lunatic, I'm locking all the doors  
Shot of the gun sounds like music to my ears  
Why is everybody running? I just wanted to dance  
I am addicted to mayhem when I'm up high  
Check this whole thing now  
I'm counting the days now, [?]  
I'm am just a vigilante

Looking for the medicine man  
They say he's not too far to find  
They say he's giving site to the blind  
They say his every act is divine  
Get up now  
Find your life, you'd wanna get assistance down  
Yeah, yeah turn me up  
Turn me down  
It's on now  
Get it now, yeah

Looking for the medicine man  
They say he's not too far to find  
They say he's giving site to the blind  
They say his every act is divine  
Get out now  
Find your life you'd wanna get assistance down  
Yeah, yeah turn me up  
Turn down  
Created a coupe

Old man putting the squeeze down
