

# White Turns To Grey

Bilal

Ooo

Yeaahh

She said hold your breath  
So you don't come away from me  
Too soon  
Then I forgot what I was goin'  
To tell you  
When the summer wind  
Blew in the day  
Change white to grey  
I laid with you  
And felt your body reach it's peak  
Did I hear you say  
Come harder baby  
So I can feel your waist vibrate  
When white turns to grey  
I laid with you  
White turns to grey  
I laid with you  
You  
I laid with you

Ohhhoaa

You know you stayed away too long  
Did you miss me  
Looks like your heartbeat is rushing  
Sick of rushing  
But woah  
It's still good  
I feel you all on me  
Can you feel me too  
When the summer wind blew in  
Change white to grey  
I layed with you  
And felt your body reach it's peak  
I hear you say  
Come harder baby  
So I can feel your waist vibrate  
When white turns to grey  
When white turns to grey  
I laid with you  
Wooooaahhhooooohhh  
Ahh

I told you baby  
You know  
You know you got me feelin all alone  
Oooohhh...  
Ahhhhhhhhh  
Ahhhhhhhhh  
Ahhhhhhhhh

When the summer wind blew in the day  
Change white to grey  
I laid with you  
And felt your body reach it's peak

I heard you say  
Come harder baby  
So I can feel your waist ooh  
When white turns to grey  
I laid with you  
When white turns to grey  
You know I laid with you  
You know  
Oooooo...
