

# Look How I Love You

Bill Anderson

Love you  
Look, how I love you  
Look, how I love you  
See it shining in my eyes  
Little drops of love  
Falling from my eyes  
Tell an old familiar story  
You're telling me goodbye  
And I still love you  
Look, how I love you  
Look, how I love you  
See it falling from my eyes  
Won't you ever turn your head  
Take one last look as you leave?  
Give you something to remember  
In your victory over me  
And I still love you  
Look, how I love you  
Look, how I love you  
See it falling from my eyes  
I never was a lover  
Like others you have known  
But I'll be waiting for you  
When the great ones have all gone  
Because I love you  
Yes, I still love you  
Look, how I love you  
See it falling from my eyes
