

# Still The One

Bill Anderson

We've been together since way back  
When sometimes I never want to see you again  
But I want you to know after all these years  
You're still the one I want whispering in my ear

You're still the one I wanna talk to in bed  
Still the one that turns my head  
We're still havin' fun and you're still the one

I looked at your face every day  
But I never saw it till I went away  
Then winter came, I just wanted to go  
Deep in the desert, I longed for the snow

You're still the one that makes me laugh  
Still the one that's my better half  
We're still havin' fun and you're still the one

You're still the one that makes me strong  
Still the one I wanna take along  
We're still havin' fun and you're still the one

(Changes of love grow and grow)  
(Even though we grow old it grows new)

Still the one I love to touch  
Still the one and I can't get enough  
We're still havin' fun and you're still the one

You're still the one that can scratch my itch  
You're still the one and I wouldn't switch  
We're still havin' fun and you're still the one

You are still the one who makes me shout  
Still the one that I dream about  
We're still havin' fun and you're still the one

You're still the one, still the one  
We're still havin' fun  
And you're still the one
