

Beautiful

Bill Medley

You danced into my heart
Like sunshine on the water
You made my world a better place to be
And where ever I may go
On this crazy road called life
I'll always keep a piece of you with me

(Chorus)

Beautiful
Beautiful
Angels before wings
Who touched my soul
And forever will
Make my dreams more beautiful

It wasn't always perfect
But my love was, was always true
And what we made will echo through the years
And the hope of edens comfort
Fills my each tomorrow
Somehow I found a rainbow in my tears

(Chorus)

Beautiful
Beautiful
Angels before wings
Who touched my soul
And forever will
Make my dreams more beautiful

(Solo)

(Half Chorus)

Yes who touched my soul
And forever will
Make my dreams more beautiful
La, la, la, hmm
