

# Peace Brother Peace

Bill Medley

Peace, brother, peace  
Peace, brother, peace  
All of my sisters  
All of my brothers  
Peace, peace, peace

I want you  
To tell them to love  
Everybody's got to  
Love, love, love

All of my sisters  
All of my brothers  
Love, love, love

No more talking  
Everything we say  
It has been said before

Time for feeling  
Reaching down into your heart  
And even more

Time for giving your  
Hand to your brother  
Time for changing  
The man that you are  
Time to work out  
Love on each other

Time for peace  
Time for peace  
Time for peace  
I said peace  
I said peace  
Time for peace

We gotta get together  
Do a little giving  
Change our way of thinking  
Change our way of living

And Lord, Lord  
We've got to stop the hating  
And no time left for crying  
When the kids are going hungry  
And the good men are dying

Got to be now, now  
Got to be now, now  
We got to go ahead  
And climb that mountain  
Got to find a way somehow

Got to have peace  
We got to have peace, peace  
Lord, we got to have peace

Please tell my brother  
Somehow, somehow  
I got to reach you  
All my sisters  
All my brothers  
Peace, peace, peace
