

# Hate

Bill Ward

It's easy to ridicule somebody else's messes  
It's easy to blame and sacrifice  
It's easy to immunize and kill your many pressures  
It's easy to do it and it's nice

It's easy to lust, objectify and crave for better  
It's easy to kick and punch and take  
It's easy to walk away, give up and say I'm better  
It's easy to maim and hurt and fake

It's so easy  
It's easy  
To hate  
To hate

It's easy to be on stage alone and feel indifferent  
It's easy to lie, deny and ache  
It's easy to live, especially when you're living  
It's easy to want a big mistake

It's so easy  
It's easy  
To hate  
To hate

It's easy to preach when you're immersed in self and anger  
It's easy to throw away a life  
It's easy to terrify all that you think you covet  
It's easy to cut without a knife

It's so easy  
It's easy  
To hate
