

# Naked & Warm

Bill Withers

Heaven lies here asleep and sweet  
Naked and warm (said I feel naked and warm)  
Heaven lies here with me  
and I feel naked and warm

Wise men follow love and call it feelin'  
But I sleep with love and call it heaven

Heaven makes love to me and I feel  
Naked and warm (said I feel naked and warm)

And when I have a need for softness  
I pull an angel to my breast and I call out  
Heaven! Oh! Heaven!
