

## Sometimes A Song

Bill Withers

Sometimes a song is funky  
Cause you feel that way  
A song might be easy and melancholy on another day

Sometimes a song gets mean and evil cause it ain't goin' right  
Sometimes a song just try to get nervous cause you might be upt  
ight

Sometimes a song is tender  
Sometimes a song is sad  
Maybe that evening that you wrote this song that's all the feel  
ing you had

Sometimes a song just feels real good and lays right there in t  
he groove  
Sometimes a song might make you just wanna get up and move

Sometimes a song is somethin'  
That you never forget  
But you keep on thinking that you ain't wrote the song yet
