Fear Of Flying

Bill Wyman

I have a fear of flying
Is there nothing I can say?
Do yourself a favor
Don't fly today

You're looking for adventure
You didn't wanna stay
Do yourself a favor
Don't fly today

You got yourself together
It's your Red Letter Day
Do yourself a favor
Don't fly today

There's danger in the sky
It could be another way
Do yourself a favor
Don't fly today

You're gonna take a plane trip
You gotta get away
Do yourself a favor
Don't fly today

So it's goodbye, baby
You're gonna pass the bay
Do yourself a favor
Don't fly today

It could be another way
Do yourself a favor
Don't fly today

It could be another way
Do yourself a favor
Don't fly today
