Visions

Bill Wyman

You are my life, you are my life Pretty woman Visions in my mind And I love you, woman, love you, woman Lady love, ooh, lady love

You are my dream, you are my dream Pretty woman Visions in my mind And I love you, woman, love you, woman Lady love, ooh, lady love

Days coming, days going Nothing changing, life flowing Down the river of once upon a time

My visions come and visions go What they mean, I'll never know Never, never enough to stay in my mind

You are my love, you are my love Pretty woman Visions in my mind And I love you, woman, love you, woman Lady love, ooh, lady love

My visions come and visions go What they mean, I'll never know Never, never enough to stay in my mind

You are my life, you are my life Pretty woman Visions in my mind And I love you, woman, love you, woman Lady love, ooh, lady love, ooh lady love
