For Heaven's Sake

Billie Holiday

For heavens sake let's fall in love It's no mistake to call it love An angel's holding hands with me How heavenly heaven can be

Here is romance for us to try Here is a chance we can't deny While heaven's giving us a break Let's fall in love for heaven's sake Don't say a word my darling Don't break the spell like this Just hold me tight; we're alone in the night And heaven is here with a kiss

This pair of eyes can see a star So paradise can't be so far Since heaven's what we're dreaming of For heavens sake, let's fall in love
