

## Somebody's On My Mind

Billie Holiday

Somebody's on my mind  
Like an old sweet song, "The Lasting Time"  
Somebody's on my mind  
So I'm walking on clouds on a silver line

To dream my dream could be my mistake  
But I'd rather be wrong  
And sleep right along than wake  
Love may be blind I'll take my chances  
That it cares this affair, my real romance  
That's why you'll find somebody's on my mind
