## Somebody's On My Mind

## **Billie Holiday**

Somebody's on my mind Like an old sweet song, "The Lasting Time" Somebody's on my mind So I'm walking on clouds on a silver line

To dream my dream could be my mistake But I'd rather be wrong And sleep right along than wake Love may be blind I'll take my chances That it cares this affair, my real romance That's why you'll find somebody's on my mind
