

Keep Me From Cryin' Today

Billie Jo Spears

Hold me love me and tell me that you decided to stay
At least put it all till tomorrow and keep me from cryin' today
Help me make ready with the heartaches that's soon will be coming my way
Consider how little I'm asking of you and keep me from cryin' today
Keep me from cryin' today oh help me forget in your own special way
Let's save our goodbyes for tomorrow and keep me from cryin' today
Let's save our goodbyes for tomorrow and keep me from cryin' today
