

Woman Of The World

Billie Jo Spears

I'd change if it means pleasing you
And when I do don't treat me like a woman of the world
Tell me what you're expecting of me
And when I agree don't treat me like a woman of the world
I know that there's no guarantee you'll stay with me forever
In fact the odds of keeping you aren't too much in my favor
Reach down search your soul and you'll see
What you're making of me but don't make me a woman of the world
No don't make me a woman of the world
