

# Love Groove

Billie Piper

Sugar honey honey sexy  
Sugar honey honey sexy

A Limited sensation  
To that feeling that you crave  
One that means much more to you  
Than to socialise stroke rave  
the remedy is pure to me  
Taking the honey from the bee  
You adopt this smooth sensation  
Taking in deep meditation  
Baby sacrifice your stress  
then I'll help you melt your best  
Trust it baby nice and slow  
Trust me baby you're to know

The love groove  
Has a different kind of move  
The feeling of security  
Tenderness, reality  
The love groove  
It flows from me to you  
Your filling your best fantasies  
Baby set your mind on me

Sugar honey honey sexy  
Feel it set your mind on me  
(Repeat 4 times )

The portion that relies on pulse  
Absorb it baby to your most  
Oh I'm sure you know the score  
Just lay it honey nice and cool  
Come and fix your dreams on me  
Be the best that you can be  
You adopt this new devotion  
Take it st-st-strip low  
Baby baby baby you know  
Take it st-st-strip low  
trust me baby cos you know

The love groove  
Has a different kind of move  
The feeling of security  
Tenderness, reality  
The love groove  
It flows from me to you  
Your filling your best fantasies  
Baby set your mind on me

Yo what up shorty, i've seen you move  
Shakin your thing, you're looking real smooth.  
Slide my way girl make it real hot  
There's never a doubt I can hit the right spot  
Each time we touch I can tell its just more than lust  
Just take my hand and a little bit of trust  
And when you're all alone

With thoughts of nothing but me  
Look in the phone book under Sweet P

The love groove  
Has a different kind of move  
The feeling of security  
Tenderness, reality  
The love groove  
It flows from me to you  
Your filling your best fantasies  
Baby set your mind on me

The love groove  
Has a different kind of move  
The feeling of security  
Tenderness, reality  
The love groove  
It flows from me to you  
Your filling your best fantasies  
Baby set your mind on me... the love groove...  
the love groove
