

## Someday, Some Morning, Sometime

Billy Bragg

Someday some morning sometime, sometime  
I'd like to hold your hand in mine  
Someday some morning sometime  
I'd like to tell you you're pretty and fine  
Your face will smile and your eyes will shine  
Someday some morning sometime

I'll build you a house all covered in vines  
I'll bring you a nickel, I'll bring you a dime  
Someday some morning sometime  
Five six seven and eight oh nine  
I'll take you down where the birds fly by  
Someday some morning sometime
