

Candy Store

Billy Crawford

You be dripping off my lips
Like chocolate covered cherries
And the way you swing those hips
Like mixed berry jelly
You be melting in my mouth cause you melting in me hand
Ohh girl let me try to tell you how I feel
Ohh girl strange love but this is what it is

Refrain

I wish that you were candy. Warp you with my body.
Girl I'll take my time to savor your favor. I wish that you were candy;
I'd save some for later. Nothing would taste better than you to me.

I've got a sweet tooth for you
Will you help me fill it?
Like a big bag of skittles girl
I want to dive in it
You can be my lollipop; I can be your candy cane.
Ohh girl, sweeter than a glass of lemonade.
Ohh girl and to let you go to waste would be a shame.

Refrain

To me you are the candy Girl you come in handy.
You satisfy your man and I love, I love it
Tell me what you're made of
And I can pick a bunch of it up
So we'll never run out, run out

Refrain X2

Ohh girl let me try to tell you how I feel
Ohh girl strange love but this is what it is
Ohh girl sweeter than a glass of lemonade
Ohh girl and to let you go to waste would be a shame
