

I Wish

Billy Crawford

(oh, oh, oh, oh, oh)
(Oh yeah)

Every minute I'm away from you
Is a minute I can't get through
Wish I knew just what to do
Coz it doesn't feel right

Sometimes when I close my eyes
I can hold in my mind
But it never really satisfied
Wish I could keep dreaming..

I wanna tell you
What I've been going through
I wanna hold you
Close to my heart
And make you smile again
Just like I did back then
I would but we're so far apart..

I wish you were here
Instead of my tears
Wish I could close my eyes
And make you appear
Wish I could snap my fingers
Back to the time when you were mine
And I wish that hocus-pocus
Could change your goodbye

Girl I wish you could see this eyes
Baby I apologize...
Should've been there when you cried
Can you forgive me?

I know I say these words in vain
Right now you can't hear my pain
I wish that like the rain
You'd come down from the sky

I've never told you, how much I love you
Just let that moment passed me by
I couldn't see it, what you really needed
Now that I know it
I wish you could hear this

I wish you were here
Instead of my tears
Wish I could close my eyes
And make you appear
Wish I could snap my fingers
Back to the time when you were mine
And I wish that hocus-pocus
Could change your goodbye

I wish you were here
Instead of my tears

Wish I could close my eyes
And make you appear
Wish I could snap my fingers
Back to the time when you were mine
And I wish that hocus-pocus
Could change your goodbye

I just can't stop
Thinking about us
If you can hear this
Grant me this wishes (ooh,ooh)

Listen babe...

Star light, star bright
First star I see tonight
Wish I may, wish I might
Have my wish tonight

Star light, star bright
First star I see tonight
Wish I may, wish I might
Have my wish tonight

I wish you were here
Instead of my tears
Wish I could close my eyes
And make you appear
Wish I could snap my fingers
Back to the time when you were mine
And I wish that hocus-pocus
Could change your goodbye

I wish you were here
Instead of my tears
Wish I could close my eyes
And make you appear
Wish I could snap my fingers
Back to the time when you were mine
And I wish that hocus-pocus
Could change your goodbye

(oh, yeah, oh)

(Ooh, oh)
