

# Trackin'

Billy Crawford

Keep on trackin' with me  
Everybody sawin' to the beat  
Keep on trackin' with me  
Can't stand still gotta move your feet  
Keep on trackin' with me  
Everybody swingin' in the heat  
Keep on trackin' with me  
Gotta keep up  
To join this party

Get on the dance floor baby  
It's time to get it on  
So you've had some troubles lately  
You better deal after dawn  
Let the music take you somewhere  
Give yourself some room  
If you wanna catch some air  
You're gonna have to show all your moves

Girls move your body right or left  
Find your partner  
You're gonna have to break a sweat  
To be on it...listen baby

Keep on trackin' with me  
Everybody sawin' to the beat  
Keep on trackin' with me  
Can't stand still gotta move your feet  
Keep on trackin' with me  
Everybody swingin' in the heat  
Keep on trackin' with me  
Gotta keep up  
To join this party

Oh Oh Oh Ooh  
Oh Oh Oh Ooh

No pride in bein' a shaker  
Work it out on the floor  
This rythm shows no flavor  
Better check your ego at the door  
Just let me be the leader  
Keep your eyes on checkin' me  
You won't need to take a breather  
Sliding into motion naturally

Don't let your body miss a beat  
Don't be slackin'  
If you're keepin' up with me  
You'll be trackin'

Keep on trackin' with me  
Everybody sawin' to the beat  
Keep on trackin' with me  
Can't stand still gotta move your feet  
Keep on trackin' with me  
Everybody swingin' in the heat

Keep on trackin' with me  
Gotta keep up  
To join this party

Oh Oh Oh Ooh
