

# All Day Long

Billy Currington

Come here girl I got a bottle of wine  
We can pass it around till we're feeling fine and crazy  
Mmmm hmmm

Been a long day let your hair fall down  
We can dance for a while  
Lay A- round and be lazy  
Mmmm hmmm

We love all night yeah baby  
Sure feels good when ya take me  
In your arms  
Oh and then we start

We kiss like first time lovers  
Tangled up in the covers  
Lets get it on  
Love me all night, make me miss ya all day long

Gimme a look with your bedroom eyes  
Gonna lock it away up in my mind  
For a daydream  
Mmm hmmmmmm

Well come on girl, come off of that sugar  
Take my hand baby now would ya lay me down

We love all night yeah baby

Sure feels good when ya take me in your arms  
Ohh and then we start

We kiss like first time lovers  
Tangled up in the covers  
Lets get it on  
Love me all night, make me miss ya all day long

Tomorrow I'll be watching that clock  
On the wall  
Till we pick back up  
Right where we left off

Love all night yeah baby  
Sure feels good when ya take me, in your arms  
Ohhh and then we start  
We kiss like 1st time lovers  
Tangled up in the covers  
Lets get it on  
Love me all night make me miss ya all day long

All day long baby (all day long)  
All day long (all day long)
