

# Everything

Billy Currington

The way you stumble in the kitchen lookin' for that first cup o  
f joe  
How you put on your mascara starin' in the mirror on your tippy-  
toes  
If you wonder why I love you baby  
I can't boil it down to just one thing yeah

CHORUS

Everything  
Every little thing about you baby  
turns me on  
(If it ain't one thing it's another)  
Can't explain how everything about you turns me on  
Oooon it turns me  
o-o-on o-o-on o-o-on o-o-on

The sexy way you say "Hey baby" when you you see my number on y  
our phone  
The way you bit your lip when momma said you cooked the chicken  
way too long  
Girl be careful what you do and say  
It ain't fair to make me want you this way when

(CHORUS)

(oooh oooh oooh oooh)  
The way you walk  
The way you smile  
The way you kiss It drives me wild  
The way you laugh  
The way you sing  
Girl you know it's everything  
The way you talk  
The way yo drive  
The way you make me feel alive  
The way you whisper "I love you"  
Everything you do just turns me  
o-o-on o-o-on o-o-on o-o-on baby

(CHORUS)

Baby
