

# Give Me All The Pieces

Billy Dean

Love left you nothing but lonely  
Heartache is all you've had  
This time around  
when it lets you down  
You never had it so bad  
I know its hard to keep going  
When everything keeps going wrong  
But don't you give up on fallin in love  
Not while I'm here to lean on

Give me all of the pieces  
of your broken heart  
And I'll put it back together again  
No matter how your world is torn apart  
Love can make the heartache end  
Tonight, it'll be all right  
Just lie here in my arms  
And give me all the pieces  
of your broken heart

I know the hurt you've been feeling  
I've had some dreams hit the ground  
All that you need is someone like me  
Who knows where your dreams  
can be found

Give me all of the pieces  
of your broken heart  
And I'll put it back together again  
No matter how your world is torn apart  
Love can make the heartache end  
Tonight, it'll be all right  
Just lie here in my arms  
And give me all the pieces  
of your broken heart
