

I Like Animals

Billy Fury

I like animals
Much better than human beings
Human beings always wanna talk
Mostly animals are happy just to walk

I like to stay with them
Spend every day with them
I've got a way with them to
Some how I seem to be
Part of the family
Each time I go to the zoo

I like animals
What ever there pedigree
Oh and by the way
Very glad to say
Animals like me

I like to stay with them
Spend every day with them
I've got a way with them to
Some how I seem to be
Part of the family
Each time I go to the zoo

I like animals
What ever there pedigree
Oh and by the way
Very glad to say
Animals like me
Animals like me
Like me
