## **Jealousy**

Jealousy Was only through jealousy Our hearts were broken And angry words were spoken Now all I have is memories To cherish so tenderly With every token you have given to me

I love to well For I doubted you in my heart My life was hell Every moment we were apart Why did I make That big mistake I wronged you right from the start

Was all over my Jealousy My crime was my bad Jealousy My heart was on fire with these eyes for you But I never thought that our love was true

You gave all your kisses to me But now all too late I can see The heartaches I caused you No wonder I lost you Was all over my Jealousy

You gave all your kisses to me And now all too late I can see The heartaches I caused you No wonder I lost you Was all over my Jealousy Was all over my Jealousy
