

# King For Tonight

Billy Fury

I don't need a kingdom, I don't need a throne  
Or a crown with diamonds shining bright  
Mm-mmm-mm, if you said you love me  
And you were mine alone  
Then I'd be a king for tonight  
Every single time you hold my hand  
And you tell me that you understand  
I am the ruler of a wonderland  
Just made for two  
Oh, my little darling now-a  
What's the good of richness, fortune and renown  
If there's sleepless nights and endless days  
Mm-mmm-mm, if you'd be my queen dear  
And love would be our crown  
And I'd be a king for always

What's the good of richness, fortune and renown  
If there's sleepless nights and endless days  
Mm-mmm-mm, if you'd be my queen dear  
And love would be our crown  
And I'd be a king for always  
I would be a king for always
