

# I Will

Billy Gilman

It amazes me  
How I can see  
That there is still so much more  
After all this time  
It's not hard to find  
Why I adore you  
Your smile, your heart, my friend  
You make me all that I am

[Chorus]  
If you can tell me how  
I could love you more than I do now  
I will  
And I know without a doubt  
I will give you all I have to give  
As long as I live  
I will

As the years go by  
I know that I  
Will never leave your side  
You're the world to me  
And I'll always be  
Right here for you  
Until the last breath I take  
I'm yours, for the rest of my days

[Chorus]  
I can't imagine how  
I would be now  
Without you here with me

[Solo]  
[Chorus]  
I will give you all I have to give  
For as long as I live  
I will
