

Spend Another Night

Billy Gilman

I instantly knew when I saw you
You and I would be forever
Hearts never apart true from the start
To each other and together
There's nothing we can't do
And until the end of time
If you tell me you'll be mine
I'm Never gonna spend another night
Without you in my dreams
For the rest of my life
I'm gonna reach out to you honestly and try
To give you what you need
With all of my might
'Cause nothing has ever felt so real and so right
I'm never gonna spend another night
(without you)
You are so in my heart
Even alone in the dark I can feel the light of our love shining

We are so meant to be
That we're definitely destiny
And there's no denying
That I love you
Though it's so cliché
There's nothing else to say
I'm Never gonna spend another night
Without you in my dreams
For the rest of my life I'm gonna reach out to you honestly and
try
To give you what you need
With all of my might
No love has ever felt so real and so right
I'm never gonna spend another night
(without you)
