

Love and Glory

Billy Idol

Baby, don't you know
How long I've been waiting?
Oh my soul

Girl, don't you know
How long I've been thinking?
Oh oh oh

Guess I'm spinning my wheels
Going nowhere fast

'cause every love I've ever had, girl
It just don't last

I don't know what it means
'cause I'm living all my dreams
But I'm still waiting patiently for you

Girl, don't you know
How long I've been falling on the ground
Waiting for a chance
To turn my world around

For in another universe
Where the planets are reversed
Would I still be waiting patiently for you?

Love and glory
That's the story
That's the way I want to live my life

Love and glory
That's the story
Of you and me, of all our lives
All my life, to learn, oh yeah

Now I see your face
I need your loving embrace
For a life turned upside down, babe
Don't let it go to waste

And now I can see
Everything it could be
So I'm still waiting patiently for you, yeah

Love and glory
That's the story
That's the way I want to live my life

Love and glory
That's the story
Of you and me, of all our lives

Love and glory
That's the story
In my world there ain't no black or white

Love and glory
That's the story
Of you and me, of all our lives

Time won't stop me dreaming of someone
Won't stop me dreaming of someone now

Ain't gonna lose it this time
Yeah yeah yeah
