

Neuromancer

Billy Idol

Age of oblivion
Age of destruction
Discovered love,
In the rancid days of ruin
Of my own demise
Only from space, can you see
Smokin' out the innocence inside
The child
In a world of corruption
It's the age of destruction
Neuromancer and I'm trancing
I'm the Neuromancer--and I'm trancing
More in the answer that sweats
From desperate palms
Of our desolation,
Or be smothered, by the red hot core
In a world of corruption
It's the age of destruction
The neuromancer and I'm trancing
I'm the neuromancer and I'm trancing
Trancing (2x)
Denied love in the age of ruin
Suicide toxins of my own demise
The earth ain't learning
Smoking out the man, inside the child--yeah
In a world of corruption
It's the age of destruction
The neuromancer and I'm trancing
I'm the neuromancer and I'm trancing
Neuromancer--trancing (2x)
Age of destruction
Age of the neuromancer
Age of oblivion
Age of destruction
