

# Postcards from the Past

Billy Idol

If the world keeps turning  
And the mind keeps burning  
Can you feel the passion?  
I cannot make it happen Once again  
Now I am running in times that are frightening  
But I won't let that break me. I won't let that take me down again

So you know my story  
We'll I'll tell you a secret  
Inside I was certain  
Inside I was crying out for more  
Now I'm roaming through seats that are empty  
To find my destination  
Will you touch my fascination once again?  
It's like a memory that will last  
Like a postcard from the past  
Yesterday is history  
It's there for all the world to see  
It's like a memory that will last  
Like a postcard from the past  
My future seems wide open  
And tomorrow's never broken  
So come on...  
I am twice the man I used to be  
Through a journey of discover me  
And it's more than a feeling  
It's there inside the meaning

Of the man who is speaking  
To all of your emotion  
And now I'm beholding To keep to our future in my head
